

# RESEARCH INTO OSTEOARTHRITIS OF THE KNEE

**Do you suffer from osteoarthritis of the knee?**

*We are looking for people who may be interested in participating in a research project that explores the relationship between pain and muscle control around the knee and the use of an electrical stimulation device for muscle strengthening.*

This research project will utilise a low risk, non-invasive assessment technique called transcranial magnetic stimulation.

The study will be conducted at The University of Queensland, St Lucia, located centrally within Brisbane. You will be recompensed \$15/hour for your time and travel.

If you would like to find out more information about the study, please contact:

Dr Lucy Chipchase PhD, M App Sc  
School of Health and Rehabilitation Sciences  
The University of Queensland

Tel: **07 3365 4507 or 0412 133210**
